

# DAMIAN'S VILLAGE – AN AFTER SCHOOL PROGRAM & SERVICES

## FUTURE PLAN

A place for families of medically fragile, special needs children can attend immediately following school hours, dropped off by school bus

Hours of operation 3:00pm – 8:00 pm (daily), except with school breaks

Instead of families having to travel to appointments, the plan is to have the services come to the program for provide treatment, eliminate the need to leave work or lose employment

Families can be involved with the program – as a volunteer, pay a weekly stipend for attendance

Trained and skills personnel will be available to the children, along with staff

Resources available to families, along with assistance with grants

Eventually, to have an emergency drop in service to help families dealing with a crisis with extended day/night – 7 day stay, includes meals & services, along with educational programming
